### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The claimed three separate connection circuits connected between the system bus and the local memory, the first local bus in said dedicated processing circuit and the local memory, and between a second local bus in said data I/O circuit and said local memory was not found in a system that also had a system bus in the prior art. This form of interconnection was found in systems that use point-to-point interconnections bus not in a system using a system bus.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
